---

SUMMARY

Experienced developer with expertise in Python, Machine Learning, and Web technologies. Passionate about problem-solving, automation, and developing user-friendly applications. Dedicated to continuous learning and staying updated with emerging technologies to drive innovation and efficiency.

PROJECTS

VisionXAI - AI Event Website (link)

- Designed and developed a professional, multi-page website to promote the VisionXAI event , focusing on intuitive navigation and a visually engaging user interface
- Utilizing React, Vite, Tailwind, Typescript, HTML, CSS, JS to create a clean , modern design that was optimized for performance and mobile viewing across a range of devices.
- Implemented custom UI elements, interactive forms, and scroll-based animations to enhance user engagement and effectively communicate key event information.

AI Powered Career Analysis and Recruitment Trainer

- Unlock your career potential with **AI-powered resume analysis, job matching, and tailored recommendations**.
- Prepare with confidence through **mock interviews, skill gap insights, and a 24/7 multilingual career chatbot**.
- Stay ahead with a **personalized dashboard that tracks progress, maps career paths, and enables peer feedback**.

Grocery Mall – E Commerce website

- Build and manage a **Grocery Mall Website** with home page categories, cart, payments, and receipt generation.
- Develop an **Admin Dashboard** for product entry, stock updates, and order tracking..
- Integrate secure **checkout, payment gateway, and digital receipts** for a smooth shopping experience.

AI Health Care Diagnostic Centre

- Built an **AI-powered Healthcare Diagnostic System** for disease prediction, mental health chatbots, and personalized guidance.
- Integrated **nearby hospital & lab locators, emotion & body-part detection, and interactive mind games** for overall well-being.
- Enhanced user experience with **AI-driven insights, chatbot support, and dark/light (black & white) mode toggle**

Adidas Sales Analysis Dashboard

- Created an **Adidas Sales Analysis Dashboard** with rich visuals to track sales, profit, and regional performance.

- Delivered **interactive insights** on top products, trends, and KPIs for better decision-making.

- Web Development: HTML, CSS,JS, REACT, TAILWIND, TYPESCRIPT, VITE

- Databases: SQL, MongoDB, SQLITE, MYSQL

- Automation & AI: RPA, AI-driven tools

- Data Visualization & BI Tools: Power Bi, MS Excel

- Version Control: GitHub

- Tools & Platforms: VS Code, AI Automation Co-Pilot

CERTIFICATIONS

- Certified Essentials Automation Professional from Automation Anywhere

- Certified Essentials of GenAI

- Certified in Artificial Intelligence Fundamentals from IBM

- Certified in Machine Learning from edX

- Certified in Python Essentials from Cisco

- Certified in C/C++ Essentials from Cisco

- Certified in Web Technologies from edX

- Certified in Analyzing data with Excel

- Certified in Introduction to SQL

EDUCATION

Aditya Degree College

Degree in Artificial Intelligence | CGPA: 8.25

Narayana Junior College

Intermediate (MPC) | Marks: 942/1000

Saraswathi Vidya Vihar School

Secondary Education | GPA: 9.8/10

LANGUAGES

- **Hindi** ★★★★★ (Fluent)

- **Telugu** ★★★★★ (Fluent)

- **English** ★★★★☆ (Proficient)
